

Edifici pronti per le smart-grid e per le smart-network, che agiscono come nodi di utilità attivi

Smart-grid ready and smart-network ready buildings, acting as active utility nodes

TOPIC ID: HORIZON-CL5-2022-D4-02-04

Ente finanziatore: Commissione europea Programma Horizon Europe

Criteri di eleggibilità: In order to be eligible, the applicants (beneficiaries and affiliated entities) must: – be legal entities (public bodies or private bodies entrusted with a public service mission) established in an EU Member State. Beneficiaries and affiliated entities must register in the Participant Register — before submitting the proposal — and will have to be validated by the Central Validation Service (REA Validation). For the validation, they will be requested to upload documents showing legal status and origin. Other entities may participate in other consortium roles, such as associated partners, subcontractors, third parties giving in-kind contributions, etc

Contributo finanziario: Expected EU contribution per project The Commission estimates that an EU contribution of between 6 to 9 million would allow these outcomes to be addressed appropriately. Nonetheless, this does not preclude submission and selection of a proposal requesting different amounts. Indicative budget The total indicative budget for the topic is EUR 18 million.

Type of Action : Innovation Actions

The following exceptions apply: The funding rate is up to 60% of the eligible costs. This funding rate applies both to members and non-members of the partnership, except for non-profit legal entities, where the funding rate is up to 100% of the total eligible costs.

Scadenza: 24 January 2023 17:00:00 Brussels time
